A little bit **ABOUT US**

Welcome to our slice of paradise! We, Johan and Sara, founded Explore the North in 2005 after years of dreaming. When setting out on this journey, we looked no further than Johan's childhood home: Kangos. Towering pine forests, lakes, and rivers make the area around Kangos wild and beautiful. We want to show you what makes our part of Lapland so special and magical.

Today, we have several facilities in Torne River valley. We ourselves are no longer the ones who manage the day-to-day operations. That's where our warm and competent staff comes in. Together, we show that it is entirely possible to create and run a hotel with associated activities in the countryside in northernmost Sweden and Finland.

We invite you to visit us and experience Lapland. Join our friendly and warm-hearted staff in small tour groups to experience all our pristine nature has to offer. We want every guest to have a unique trip of a lifetime.

Beyond our amazing staff and the breathtaking wilderness, the heart of the company has always been our huskies. We have over 500 dogs working at Explore the North. They are all unique with different characters. Still with one thing in common, they love the guests the same way we all do. To us, you come as a guest, and you leave as a friend.

Welcome to Lapland!

Team Explore the North

Facilities

Kaamos Lodge is a year-round resort in Tornionlaakso, Ylitornio. The resort consists of 80 energy-efficient gámmes, each of which has its own sauna. In addition, from the main building, which serves as the heart of the resort. Here you will find a warm reception, a cozy lounge, a stylish bar and a restaurant with an impressive view of Finland's national landscape from its terrace. Our restaurant offers the region's best delicacies made from Lapland ingredients. Enjoy and relax in the Sauna and Spa section or organize a seminar or party in the 200-seat restaurant. A meeting room is also available for conferences. Every element of Kaamos Lodge is carefully designed and your experience will be as unique as the surrounding landscape.
